**Place: Walkerton Agricultural
Society, Building #2,**

Plan to join us in the spring for

Fun, Prizes, Healthy Activity, and an opportunity to support two local organizations that advocate for people with intellectual disabilities to enjoy full citizenry.

This run organized by :

Grey Bruce Special Hockey Foundation - The Falcons

created to give intellectually challenged athletes an opportunity to play hockey regardless of gender, age or ability. We endeavour to give our players a sense of community involvement, which in the past has been limited to observing and not participating. This will be our fourth year in Grey and Bruce Counties and the surrounding area.

Community Living Walkerton and District

a not-for-profit association that supports families and people with an intellectual disability; public education and awareness to inform the community of the abilities of people with intellectual disabilities is an important part of this association's ongoing efforts.

Join the fun in beautiful Walkerton.
